#### **Race 1 - TVB LOK SIN TONG CHARITY CORNER HANDICAP**

#6 Winning Champion has had wide draws against him in his last two runs but he has still closed into fifth on both occasions. A first win does not look far away, now that he draws an inside barrier. #10 Gor Gor showed good improvement first-up on his stable debut for Brett Crawford, making ground into fourth over 1200m at Happy Valley. The switch to Sha Tin looks a plus and he can take another step. #9 Noble Fans was too far back first-up but finished off strongly into sixth, and a handier position would suit. #5 Vigor Eye can make his own luck up on the pace from barrier 5 and he has done plenty right in three starts, including two thirds, and is on the right path.

#### **Race 2 - TVB YAN OI TONG CHARITY SHOW HANDICAP**

#7 Raging Rapids has been stuck with wide gates in his last four runs, which has shaped his races, but he has still been finishing strongly. Barrier 4 today changes the complexion. #5 Devas Twelve has another wide draw to overcome, but he is a proven Class 4 performer. He returned to Class 4 last start, drew barrier 14, went too hard in front, then peaked late and battled on into sixth. #4 Amazing Partners appreciated stepping up to 1400m and broke through impressively after a couple of thirds over 1200m. He is progressive and remains hard to beat. #3 Stellar Swift is a class dropper to keep in mind back in Class 4, where he has two wins from four starts.

#### **Race 3 - TVB YAN CHAI CHARITY SHOW HANDICAP**

#6 Chill Buddy backs up on the six-day turnaround and this looks a race that suits, after two wide draws since stepping up to 1200m saw him do plenty of early work. #2 Red Sea is a newcomer for the Jamie Richards stable and he has not raced since September 2024. He arrives a runner-up in the G1 Sires' Produce in New Zealand before two unplaced runs in Victoria, and his trials have been full of promise despite the long time away. #4 Anode has trialled well leading into a drop back in trip today. He has shown

glimpses across nine runs and the shorter distance might be the key to unlocking more. #5 Harold Win looks suited in this field, he is rarely far away in the finish and he maps for a good run.

#### **Race 4 - TVB POK OI CHARITY SHOW HANDICAP**

#1 Audacious Pursuit won well three runs ago after a smooth run from barrier 3. Two runs back he had to cope with barrier 13 and different tactics, then last time he ran on strongly into second behind China Win from the same draw. Back into a low draw today, the set-up is far more in his favour. #4 Good Good returned to form on the all-weather last time when runner-up despite a wide draw. He can land in a handy spot again from an inside barrier and give a sight. #3 Charity Together has often drawn wide and been forced to ride for luck, but his form has been improving since the class drop and his last run had merit when finishing off well into fourth behind China Win. #5 Reliable Dad is improving with racing and the step to 1800m looks key to unlocking further potential.

#### **Race 5 - TVB LO AND BEHOLD HANDICAP**

#8 Sky Vino was backed into favourite last time and had excuses when held up, before getting out late and running on strongly into second. He gets another look today. #13 Wukong Jewellery is best forgiven for last time when 12th after drawing wide and never finding cover. He is back to this track and trip for a second time and his first try was solid despite a wide gate, getting back and charging into fourth. #2 Dragon Air Force won with authority over Sky Vino, putting a gap on the rest. He can go on with it after building towards that win. #6 Thunder Blaze was unwanted on debut but did his best work late into fifth over 1200m. That was encouraging and the step up in trip looks suitable second-up.

#### **Race 6 - TVB THE QUEEN OF NEWS HANDICAP**

#7 California Star has been running well from wide draws in his last two tries at this track and trip, but he has simply had too much ground to make up. A better gate this time can see him settle closer and improve his winning prospects. #3 Sight Dreamer has been a revelation since the change in tactics, going two-from-two when leading and winning by decent margins. More pressure up front is the query today. #9 Bull Attitude tries the all-weather under race conditions for the first time and he could surprise. #11 Night Purosangue looks suited by the set-up and his form has held up since stepping back into Class 4, after winning in Class 5 four runs ago.

#### **Race 7 - THE TVB CUP (HANDICAP)**

#1 Lucky With You is better placed back out of Group company after taking on the likes of Ka Ying Rising in recent runs. Barrier 3 is a good draw where he maps with a winning chance despite the 135lb impost. #11 Swift Ascend comes in at 115lb and can take advantage of the light weight off a genuine tempo. His closing style can make him hard to hold out late. #3 Invincible Shield made full use of an inside gate last start and won well over some of today's key rivals. Again, he draws for a kind run from barrier 4. #7

Patch Of Stars was third to Invincible Shield last time and had every chance, but he remains in the mix and may represent better value this time.

#### **Race 8 - TVB SCOOP HANDICAP**

#1 Super Love has had two wide gates to contend with since his win three runs ago from an inside draw, and a kinder map today from barrier 1 can see him settle closer. #10 Amazing Duck can give a sight from barrier 2 and the drop back to 1400m looks a key move. His form holds up, including a late-fading sixth to Flow Water Flow last time, which reads well for this. #2 Nyx Gluck made good ground into third last time after settling back in the field, and he did it well under the circumstances. This reads a weaker race and he gets the chance to win again. #14 Always Fluke rises back to Class 4 off a close second first-up and the weight relief is a plus.

#### **Race 9 - TVB MIDLIFE, SING & SHINE HANDICAP**

#2 City Gold Banner has trialled impressively since his explosive debut win at this track and trip, scoring convincingly under a Zac Purton hands-and-heels ride. He looks like a horse with more to come and he can win again. #14 Turquoise Velocity made a strong impression on debut with a smart win, then went under second-up when beaten a long way. He has trialled well since and drops into Class 3 on a light weight. Barrier 11 is a handy draw for the straight course and he is worth another look. #4 Sight Hermoso is consistent and hard to ignore on current form, and the draw is in his favour this time. #12 Sparkling Fellow tends to get back and needs luck in running, but he returns to Class 3 with less weight. He is still a Hong Kong maiden, yet he rarely runs a bad race.

#### **Race 10 - TVB MISS HONG KONG PAGEANT HANDICAP**

#5 Mighty Masts is third-up in Hong Kong and brings two very strong runs into this. He was second to Infinite Resolve on debut after being held up for most of the straight, then flashed late into sixth behind Emblazon after drawing widest and being ridden cold. A very good trial between runs suggests he is ready to win. #3 Lucky Sam Gor is thriving this season, four wins from seven, and he goes for a hat-trick after passing his first mile test with flying colours. #10 Endued has been up against it from wide draws in his last two since returning to Class 3, after winning three runs ago from barrier 1. Barrier 10 is better today. #1 Glittering Legend did enough on debut, only beaten three lengths into tenth, and a good trial since points to improvement second-up.
