Race Preview: Elusive Black was heavily backed to win on local debut. He only found one better that day and was returning from a long break. He will strip fitter this time but does try the Polytrack for the first time. Miss Takes was unreliable in Gauteng but can improve trying the Polytrack after a change of trainer. Magnus The Good seems capable of better than a moderate last run and has a place chance. River Fern is threatening to win a race and should fight out the finish.

Race Preview: North Star is still learning her racing and should make a bold bid at scoring. Royal City Girl is weighted to win this race comfortably but was behind that rival on the turf last time out. She does appear a much better horse on the Polytrack so do not be surprised if she turns that form on its head. Twilight Bay seems at her very best on the turf but is distance suited and can go start-to-finish. Shori Kai is showing promise and could be better than rated.

Race Preview: Pomerol was not disgraced on local debut and could do even better trying the Polytrack. Izanami showed improvement on local debut and could go one better this time. Amanatto has been a disappointment of late but could contest the finish in this weak race. Ripsnorter has only raced three times so has scope for improvement and is not out of it.

Race Preview: Fairy Knight has not been at his very best of late but does have a very good record on the Polytrack and looks hard to oppose. Usa's Hope clearly likes this surface and should be right there at the finish yet again. Mr Fox is not reliable but could battle it out for minor money. Imaginable is in very good shape but does have it all to do at these weights.

Race Preview: Green Isle suffered her first defeat in three starts on this surface when an unlucky third last time out. She is better over further but does look the right one with luck needed in running. Umzolozolo is in good form and can contest the finish again. Jambo Sana is having a good year and can get involved with the finish yet again. Lady Bomber is improving and is clearly not out of it.
