## SOUTH AFRICA

### DURBANVILLE

A left-handed course with a circumference of 2200m and straight of 600m. The home straight has a downward slope until just before the finish and an ability to at least race handy is important, but the tracks reputation in this regard can also lead to pacemakers going too fast early on. Horses who race from off the pace need a good turn of acceleration to give of their best at this course. Low number draws are a marked advantage.
