

UNDERSTANDING BET TYPES

BET TYPE:

1/2 (HALF) GOAL

This bet type gives the underdog an artificial goal advantage, while the favourite will have an artificial goal disadvantage.

How to Play

Example: Team A, being the favourite, starts off with a goal disadvantage of -1.5.

Half Goal	
HOME	AWAY
01 TEAM A -1.5	02 TEAM B +1.5

Scenario 1

If the game ends 1-0 at full-time, after the goal advantage and disadvantage given above, the final score will be

-1.5 + 1 = -0.5 for Team A

You lose if you've selected Team A, as their final score is lower after 1/2 Goal.

Scenario 2

If the game ends 4-0 to Team A, after the goal advantage and disadvantage given above, the final score will be

-1.5 + 4 = +2.5 for Team A

You win if you've selected Team A, as their final score is higher after 1/2 Goal.

HOW TO PLACE A BET

To place a bet on 1/2 Goal, you can either,
1. Choose 1/2 Goal on Sports Home Page or
2. Choose the match you are interested in and select 1/2 Goal.
